

Baked Chicken

Heather Cunningham

Servings: 4

I sometimes add wild rice to the long-grain rice mixture and fresh mushrooms. I also usually use thighs and breasts rather than just thighs.

10 chicken thighs

1 can cream of mushroom soup

1 envelope onion soup mix

1 cup long-grain rice

Lightly butter bottom of casserole dish and distribute rice evenly. Dilute soup with one can of water and half of onion soup mix. Pour half of this mixture over rice. Place chicken pieces on top. Pour rest of soup mixture over chicken and sprinkle with rest of onion soup mix. Cover. Bake at 350° for 1 1/2 to 2 hours.
